

Congratulations!!!

Amol Bhavé of class XII Mathematics Science stream has been a promising student right from the beginning. He excelled not only in academics but in all co-scholastic activities as well. He has been the International topper in the Cyber Olympiad and even secured position in the Science Olympiads organized by the Science Olympiad Foundation. His fingers work magically on the key board of the Synthesizer driving out the soothing music which relaxes his mind and body and he feels recharged for the mission ahead. Amol Bhavé brings laurels not only to the family but to school and to the whole township by getting selected in **MIT** (MASSACHUSETTES INSTITUTE OF TECHNOLOGY) in his first attempt. He is one of the 1500 candidates who were selected out of 19000 from all over the world. Hearty congratulations and our best wishes to Amol.

Hearty congratulations and our best wishes.
